

Testing production controls with Fluke Connect™ wireless tools

FLUKE®

 **FLUKE
CONNECT™**

**SEE IT.
SAVE IT.
SHARE IT.**

1

Get the job done better and faster

Simultaneously test input/output DC voltage and see the readings on your phone with the Fluke Connect™ app

2

Less walking, more decisions Upload the data to the Fluke Connect™ app and ShareLive™ with the control room or distant team members

3

Observe multiple test points and locate problem origin in one go

Log multiple control test points simultaneously during a line operation error and then upload data to Fluke Connect to trace the problem
